Dear Mr. Skaggs:

On behalf of the California Technology, Trade and Commerce Agency, I would like to offer my sincere thanks for your assistance with the visit of the Korean television executives last month. The delegation found the tour of Disney Studios' digital production facility most informative and was impressed by the high level of courtesy they were afforded.

California's international trade and investment programs are thoroughly enriched by the State's ability to partner with the private sector to forge greater relations with foreign business interests. We look forward to building ever-stronger ties with your company and with the Korean companies who participated in the mission.

Again, thank you for your efforts to bring this program together.

Sincerely,

LON S. HATAMIYA
Secretary
