Mr. Harold Alves  
Regional Maintenance Manager  
Hudson General Company  
7025 W. Imperial Hwy.  
Los Angeles, CA 90045

Dear Harold:

On behalf of Councilman Alatorre and Mayor Bradley, I would like to thank you for your continuing efforts to help us clean-up the air in Los Angeles.

If it hadn't been for your willingness to test D-1280X in your buses, which took a considerable amount of extra time and effort, we would be no where near as far along in having this additive seriously considered as a weapon in our air pollution fight.

Also, without your perseverance out at the airport, I know we would not yet have this additive in the shuttles out there making the air cleaner for the millions of people who use LAX each year.

The city, I believe, owes you and Hudson General a special debt of gratitude.

Sincerely,

Bradford Sales  
Deputy, Air Quality
